The idea of a Model Village was conceptualized with the primary objective of preventing migration of the people living in these villages to the cities for greener pastures. As per this program we plan to train one member of every household in the village on a vocation of their choice and entrepreneurship skills. We also intend to facilitate funding and help them set up a small-scale business venture and support them for a period of atleast 6 months till their operations stabilize. This project will definitely be one step in the direction of preventing migration of people to the cities.

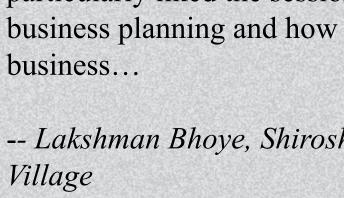

Ashok has started his tailoring shop - Shri Sadguru Krupa Ladies Tailor in Talavali, Jawhar and dreams of running a garment factory very soon. Harshada runs her tailoring shop – Pratima Ladies Tailor in Mokhada... She wants to prove to the people in her village that girls can be an earning member of her and contribute to their wellbeing.

(ITDP), Jawhar

All three of them completed the 60-day Entrepreneurship program that was conducted by us in association with Integrated Tribal Development Project Products made by our students Neev by NeevJivan takes our students one step closer to their goal of being financially independent and gives them the platform to stand on their feet. Through Neev, we introduce to you, a synergy of culture and skill of the Our tailoring students have been tirelessly working to generate an alternate source of income for themselves to be able to sustain the livelihood of their family. Overcoming cultural and physical barriers like "women must take
